ANTI-GUN VIOLENCE PROJECT

2021 - 2023 IMPACT REPORT

HOPE IN ACTION

The Hope In Action Anti-Gun Violence Project implements interventions that focus on targeted, trauma-informed care designed to interrupt cycles of violence that can produce life-saving and cost-efficient results without contributing to the school-to-prison pipeline and mass incarceration. This effort has identified individuals (youth and adults) at the highest risk of gun violence to coordinate individualized wraparound resources.

The Hope In Action Anti-Gun Violence Project's intervention plan consists of four steps:

VIOLENCE PREVENTION TASK FORCE

Gun violence remains a pressing issue in Prince George's County. These recommendations aim to provide a framework for addressing the complexities of this issue through evidence-based solutions. It is crucial to note that there is no one-size-fits-all approach to reducing gun violence, and collaboration between stakeholders is vital for the successful implementation of these strategies. By taking decisive steps now, we can protect our community and secure a safer, more prosperous future for all residents.
