

PRINCE GEORGE'S COUNTY NOTICE OF A PROPOSED REAL PROPERTY TAX INCREASE

The County Council of Prince George's County proposes to increase real property taxes for those properties located in unincorporated areas and municipalities (Box 1).

1. For the tax year beginning July 1, 2020, the estimated real property assessable base will increase by 3.0% (Box 2), from \$64,237,808,067 (Box 3) to \$66,141,450,073 (Box 4) for those properties located in unincorporated areas.

2. If Prince George's County maintains the current tax rate of \$1.0000 (Box 5) per \$100 of assessment, real property tax revenues will increase by 3.0% (Box 6) resulting in \$19,036,420 (Box 7) of new real property tax revenues.

3. In order to fully offset the effect of increasing assessments, the real property tax rate should be reduced to \$0.9712 (Box 8), the constant yield tax rate.

4. The County is considering not reducing its real property tax rate enough to fully offset increasing assessments. The County proposes to adopt a real property tax rate of \$1.0000 (Box 9) per \$100 of assessment. This tax rate is 3.0% (Box 10) higher than the constant yield tax rate and will generate \$19,036,420 (Box 11) in additional property tax revenues.
