This recommendation shall not be made prior to the specified date on which written comments and/or requests for public hearing are accepted.

(2) For outdoor advertising signs, if satisfactory documentary evidence described in Section 27-244(b)(2)(E) is received, the Planning Board's authorized representative shall recommend certification of the use as nonconforming for the purpose of issuing applicable permits and certifying the use as nonconforming. The Planning Director shall also publish the development activity report on the Planning Department's website.

(4) If the District Council does not elect to review the recommendation within thirty (30) days of receipt of the recommendation as authorized by Subsection (e), below, the representative shall certify the use as nonconforming.

(5) Subsections (3) and (4), above, and Subsection (e), below, shall not apply to uses that, with the exception of parking in accordance with Section 27-549, occur solely within an enclosed building.

(e) District Council review.

(1) The District Council may, on its own motion, vote to review the Planning Board representative's recommendation, for the purpose of determining whether the use should be certified as nonconforming, within thirty (30) days of receipt of the recommendation.

(2) If the District Council decides to review the proposed certification, the Clerk of the Council shall notify the Planning Board of the Council's decision. Within seven (7) calendar days after receiving this notice, the Planning Board shall transmit to the Council all materials submitted to it in connection with the application.

(3) The Zoning Hearing Examiner shall conduct a public hearing on the application. The Zoning Hearing Examiner shall make the same findings required for Administrative review or approval by Planning Board required in this Section, as well as any other applicable prescriptions regulating the proposed use specified within any other applicable Subtitle of this Code.

(6) Persons arguing shall adhere to the District Council's Rules of Procedure, and argument shall be limited to thirty (30) minutes for each side, and to the record of the hearing.

(8) The District Council shall make its decision within forty-five (45) days from the filing of the Zoning Hearing Examiner's recommendation. Failure of the Council to take action within this time shall constitute a decision to certify the use.

(f) Planning Board review.

(1) Required hearing.

(A) If a copy of a valid use and occupancy permit is not submitted with the application, if the documentary evidence submitted is not satisfactory to the Planning Board's authorized representative to prove the commencing date or continuity of the use, or if a public hearing has been requested by any party of interest challenging the commencing date and/or continuity of the use, the Planning Board shall conduct a public hearing on the application for the purpose of determining whether the use should be certified as nonconforming.

(2) Application for certification.

(A) Whenever the Planning Board will hold a hearing on a certification of the use as nonconforming, the applicant shall complete the appropriate form provided by the Planning Board.

(3) At least seven (7) calendar days prior to the public hearing, the Planning Board shall send written notice of the date, time, and place of the hearing to the applicant and to all persons of record.

(4) Planning Board action.

(A) The Planning Board may decide to either grant or deny certification of the use as nonconforming. If it decides to certify that a nonconforming use actually exists and has continuously operated and upon finding, within the administrative record for the application, that the use to be certified as nonconforming has no outstanding Code violations with the Department of Permitting, Inspections, and Enforcement regarding the property, other than failure to have a use and occupancy permit.

(B) The recommendation of the Planning Board shall be in the form of a resolution adopted at a regularly scheduled public meeting. The resolution shall set forth findings of fact and conclusions of law in support of the Planning Board's recommendation.

(C) The Planning Board shall send a copy of the resolution to all persons of record.

(5) District Council election to review; Appeal of Planning Board's recommendation.

(A) The recommendation of the Planning Board may be appealed by any person of record to the District Council by filing an appeal with the Clerk of the Council. In addition, and notwithstanding any appeal of the Planning Board's recommendation filed by a person of record, the District Council may, on its own motion, vote to review the Planning Board's recommendation for the purpose of making a final decision as to whether the use should be certified as nonconforming.

(B) The appeal shall be filed, or District Council vote to review the Planning Board recommendation shall occur, within thirty (30) calendar days after the resolution of the Planning Board was mailed. If no appeal is filed, and the District Council does not elect to review the recommendation of Planning Board within thirty (30) calendar days after the resolution of the Planning Board is mailed, the Planning Board's recommendation shall become the final decision as to the application to certify the use as nonconforming.

(C) Before the District Council makes a decision on the application, it shall hold a public hearing.

(D) The Council may decide to affirm, reverse, or modify the recommendation of the Planning Board. The decision of the Council shall be based on the record made before the Planning Board. No new evidence shall be entered into the record of the case unless it is remanded to the Planning Board and a rehearing is ordered.

(g) **Applicability.**

(1) This Section shall not apply to nonconforming buildings or structures occupied by conforming uses. (See Section 27-243.03.)

(3) §27-258 provides in pertinent part:

(a) **Authorization.**

(1) A building use and occupancy, or absent a use and occupancy permit, a valid apartment license, or sign permit issued in error may be validated by the District Council in accordance with this Section.

* * * * *

(g) **Criteria for approval.**

(1) The District Council shall only approve the application if:

- (A) No fraud or misrepresentation had been practiced in obtaining the permit;
- (B) If, at the time of the permit's issuance, no appeal or controversy regarding its issuance was pending before any body;
- (C) The applicant has acted in good faith, expending funds or incurring obligations in reliance on the permit; and
- (D) The application meets the criteria of Section 27-244 of this Subtitle; and
- (E) The validation will not be against the public interest.

(h) **Status as a nonconforming use.**

(1) Any building, structure, or use for which a permit issued in error has been validated by the Council shall be deemed a nonconforming building or structure, or a certified nonconforming use, unless otherwise specified by the Council when it validates the permit. The non-conforming building or structure, or certified nonconforming use, shall be subject to all of the provisions of Division 6 of this Part.

CONCLUSIONS OF LAW

(1) Although required by §27-258(g)(1)(D), most of the provisions in Section 27-244 simply cannot be retrofitted to address this request for validation of an apartment license issued in error. Requests to validate permits issued in error (“ERRs”) are not nonconforming uses; rather they are uses that do not comply with all of the regulations for the particular zone in which the land is located but have been issued a permit that allows them to operate. Since ERRs involve uses that were not legal at the time of the issuance of the permit/license there is no documentary evidence “showing the commencing date and continuous existence of the nonconforming use”, and the Planning Board or District Council cannot certify that the use “is not illegal”. (Sections 27-244(a) and (b))

(2) Section 27-244(c)'s requirement that notice of the Application be provided in accordance with Section 27-125.01 of the Zoning Ordinance requires the Applicant to send "an informational mailing to all adjoining property owners, including owners whose properties lie directly across a street, alley or stream" and "notice of application filing to every person of record in a previous zoning, site plan or other application [not at issue in this case]...." An Applicant would not know that he needs to apply for a permit issued in error until he learns from Department of Permitting, Inspections and PIE that an error occurred, and therefore cannot meet these pre-application notice requirements. Sufficient notice was provided as soon as the Applicant became aware that a new Use and Occupancy permit would not be issued and that the Applicant would need to file a request for Validation of Permit Issued in Error – the property was posted (as required in Section 27-244(c)(3), but for 30 days, not 10), and notice of the hearing was inserted in the applicable newspapers of record. There is no administrative review of the request by the Planning Director, nor is there a hearing by the Planning Board. (Sections 27-244(d) and (f))

(3) The instant Application is filed in accordance with §27-258 of the Zoning Ordinance. The subject apartments have been occupied pursuant to validly issued Use and Occupancy permits for 32 units since 1959. (Exhibit 8) No fraud or misrepresentation was practiced in obtaining Use and Occupancy Permits 20-1299-U and 20-1300-U. §27-258(g)(1)(A) There is no evidence that there is any appeal or controversy regarding the issuance of the Use and Occupancy Permits. §27-258(g)(1)(B) The Applicant has acted in good faith, expending funds, or incurring obligations in reliance on these Use and Occupancy Permits. §27-258(g)(1)(C) The validation would not be against public interest as the instant Application merely validates a use, just like its neighbors, which has existed on the Subject Property for almost 65 years. §27-258(g)(1)(E)

RECOMMENDATION

It is recommended that the District Council validate Use and Occupancy Permits 20-1299-U and 20-1300-U. The 32 unit apartment buildings on the Subject Property shall be declared to be a Certified Non-conforming Use. The Site and Unit Location Plans are Exhibits 6 and 24.
